Enterprise Training

A fully-integrated Cloud-based platform with highly scalable solutions to help you deliver unprecedented results for your corporate Training Programs!

The "New Economy" has transformed the ways of running a business. Industries have experienced massive changes in terms of business practices, demands for special skills, customer care practices, job and employment practices, etc. Requirements of formal training and core competencies are a universal corporate reality.

Enterprise training focuses on sales and customer service, team building and leadership strategies. By implementing innovative training management technologies, business leaders can remain competitive and respond nimbly to rapid changes in the marketplace—changes that affect everything from business practices to hiring decisions. The successful implementation of any new technology depends on how well end users benefit from the technology—so finding training management solutions that are easy to use and reduce administrative workload are essential.

Acteva helps you achieve higher and faster ROI with proven enterprise-class training management solutions delivered through Software as a Service (SaaS). Our solutions play a pivotal role in increasing the operational efficiency of any type of training programs in your organization. The simple yet sophisticated class and training management solutions take away the stress involved in managing and promoting corporate training programs.
